ABOUT US

Welcome to 9Senses. My name is Mila Greaves and I started 9Senses in 2015 to share my passion for products that comfort the body and mind.

I'm the mother of two beautiful girls who inspire me everyday. One of my daughters is on the Autism spectrum and is a sensory seeker, meaning she is very sensitive to stimulation from her environment.

ALL 9SENSES PRODUCTS ARE HANDMADE WITH CARE

To help her, I spent countless hours learning how to make natural, soothing products that she could find comforting such as relaxing neck pillows and eye pillows.

Like many other entrepreneurs, gSenses started as a part-time passion project. The incredible feedback from friends and family who loved receiving our products as gifts led us to start exhibiting at local markets. As we continued to grow, we soon had a loyal following and spent almost every weekend at craft shows throughout Ontario. Now I can dedicate myself full-time to making an increasing range of natural bath and body products, and send our goods as far as Portugal, Turkey and Romania.

Family is very important to me. That's why it's such a joy that my two daughters and husband work alongside me to build 9Senses into a values-driven business that touches the lives of more and more people every year.

9SENSES FOR AUTISM

9Senses makes weighted blankets that provide support for Autism, PTSD, ADD, Anxiety, and other conditions that affect the ability to focus and stay calm.

From every sale of sensory therapy products, we donate 5% of the proceeds to the Autism York Region Chapter.
